

March 6th, 2005

Dear Doctor Anderluh,

I would greatly appreciate a reprint (or pdf file) of your article:

“Interaction of the eukaryotic pore-forming cytolysin equinatoxin II with model membranes: 19F NMR studies”

which appeared in:

J. Mol. Biol. 347 (2005):27-39.

Thank you for your courtesy.

Sincerely yours,

(Firma con la dirección completa)
